

MANISH PARAJULI

Software Developer | Frontend Engineering

Sydney, NSW | +61 0426052970 | parajuli.manish07@gmail.com | Portfolio

Professional Summary

Results-driven Software Developer specializing in frontend architecture, React.js, Next.js, and JavaScript. Experienced in building dynamic interfaces, internal CRM systems, and live e-commerce storefronts with a focus on accessibility, reliability, and scalable user experiences. Skilled in supporting full-stack environments with NestJS and TypeScript integrations across enterprise platforms including SAP.

Skills

Category	Skills
Frontend & Design	React.js, Next.js, Redux, Shopify Liquid, HTML/CSS, UI/UX principles
Languages	JavaScript, TypeScript, Python
Backend	NestJS, Node.js, Express.js
Databases & APIs	SQL, REST APIs, GraphQL, SAP integration
Tools & DevOps	Git, GitHub, ServiceNow, Active Directory
Interpersonal	Problem-solving, teamwork, communication

Professional Experience

Software Developer (Intern → Casual) | NMI | Waterloo, Sydney | Feb 2026 – Present

- **Lead frontend development** for a live Shopify storefront using JavaScript, Liquid, and CSS, delivering UI improvements without disrupting trading.
- **Build responsive React interfaces** for internal business systems handling complex, synchronized sales order data.
- **Develop monitoring dashboards** with React and TypeScript to visualize stock reconciliation and trace synchronization events.
- **Support NestJS integration services** that validate order workflows and synchronize data between SAP and Retail Express.

Frontend Developer | Calcgen Nepal | Jun 2023 – Apr 2024

- **Developed scalable CRM interfaces** and dynamic form templates with React, Redux, and Next.js, replacing manual data-entry processes.
- **Designed reusable UI components** and managed client-side state to deliver smooth, accessible user experiences.
- **Integrated REST APIs** to connect frontend views with backend services and improve data consistency.
- **Collaborated cross-functionally** using Git and GitHub for version control and shared development workflows.

Retail Assistant | Woolworths | Sydney | Jul 2025 – Present

- **Processed transactions accurately** through POS systems with consistent attention to detail.
- **Delivered responsive customer service** and supported colleagues during peak trading periods.

Selected Projects

- **Interactive Developer Portfolio** | React, Web Design, Netlify — Designed and engineered a responsive portfolio showcasing enterprise integrations and frontend projects with clear visual hierarchy and cross-device navigation.
- **SmartBudget AI Dashboard** | Python, Streamlit, UI/UX — Designed a personal finance assistant interface with clean data visualization, intuitive navigation, and lightweight local language-model feedback.
- **Interactive Gesture & AI Research** | Python, OpenCV, MediaPipe — Developed GestureLab, a real-time air-canvas application with fingertip coordinate smoothing; collaborated on research evaluating language-model robustness using Gemini 2.5 Flash and GPT-4.1 Mini.

Education

- Master of Information Technology in Artificial Intelligence** | Macquarie University | Sydney, Australia | Expected 2027
- Bachelor of Science in Computer Science and Information Technology** | Tribhuvan University | Kathmandu, Nepal | 2018–2022
